Significantly slimmed down this version — **Ex. 5 Deliberative Process (DP)** since we are unlikely to undertake actions and need funds; question what if anything we should include on future **Ex. 5 Deliberative Process (DP)**

Thanks. I'll look at it in the morning and work to get it to the OPPT IO shortly thereafter.

8 pt font? Bold.

So I see a few things that were smooshed from older and newer slides and thus a little inconsistent, and a lot of bullets could be shortened to make less dense. Assuming Erik and Robert haven't gotten to this, and you two are off the clock, I will start editing from the top.

Importance: High

Attaching the combined, "non-lead" presentation. Waiting for comments from Erik/Robert, but wanted to send them sooner than later.

They are a bit dense, so I am happy to discuss revisions via phone Ex. 6 PP – personal phone since PowerPoint is an editing wasteland.
